

2022 COMPETITION PARENT WORKING FORM

We would greatly appreciate your help during the recital to make the show run smoothly and on time. *Many hands make light work!* Helping with the recital will fulfill your family commitment per the company agreement. Moms will be changing dancers, selling flowers, and selling refreshments. Students of all ages and levels need help changing. Dads will be helping with seating our audience and refreshments. We ask that moms please do not request a recital job, we need to be able to place you into the needed jobs. Many of the parents want to work in the lobby which leaves us with no parents to change your child/children.

*The Parent Working Form below must be filled out and turned into the studio by May 31st. Please check the recital performances that you will be working at the recital.
